IMPRESSIONS EN ROUTE

South Carolina painter Janina Ellis captures the subjects of her artwork on the go. Following her upbringing and training in Munich, Germany, Ellis moved to the United States to create works inspired by her travels. She's known for using loose impressionism to showcase individuals embarking on their everyday lives, making the basic stroll memorable. janinaellis.com

Winter 2023 TH 7

Jordan Vineyard & Winery

Like the wine that it produces, Jordan Vineyard & Winery's château lobby is everything that is French elegance and sweeter with time. Designed by Maria Khouri Haidamus, the Healdsburg, California, space exudes sophistication with paneling painted in stormy blue, herringbone wood flooring, and an array of pretty textiles. While a 17th-century Aubusson tapestry and a Ponte Vecchio honed-marble reception desk draw the eye, antiques fill built-in units, and wine is assigned to an old French bibliothèque. jordanwinery.com
